EMOTIONAL PERFORMANCE FABRICS

BLISS is a new brand created by people who have been in the textile industry for a very long time. We have inherited the technical knowledge and resources of Citel – the outdoor performance fabrics manufacturer founded back in 1875 in Barcelona – and added a special sensitivity and aesthetic perspective. BLISS mission is to manufacture performance and decorative fabrics made by and for the senses.

Our team wanted to create a brand that not only demonstrated their technical know-how regarding 100% solution-dyed acrylic fabrics, but also expressed their philosophy of life. BLISS is built on passion, new ideas, effort and an ongoing desire for improvement.

Creating is our favourite state of mind - our bliss -, and the desire to imagine, envision and manufacture fabrics that are truly special is our very reason for being.

ASGARD collection

The Asgard collection is named after the land of gods and heroes, according to Norse mythology, meaning “the garden of gods” in Old Norse. We wanted to create fabrics that convey their vision of the relevance, power and beauty of nature.

The textures and colours of Asgard fabrics are inspired by landscapes: forests, grass, rivers and mountains. Their appearance and touch are those of natural and fine materials, such as cotton and linen.
