EMOTIONAL PERFORMANCE FABRICS

BLISS is a new brand created by people who have been in the textile industry for a very long time. We have inherited the technical knowledge and resources of Citel – the outdoor performance fabrics manufacturer founded back in 1875 in Barcelona – and added a special sensitivity and aesthetic perspective. BLISS mission is to manufacture performance and decorative fabrics made by and for the senses.

Our team wanted to create a brand that not only demonstrated their technical know-how regarding 100% solution-dyed acrylic fabrics, but also expressed their philosophy of life. BLISS is built on passion, new ideas, effort and an ongoing desire for improvement.

Creating is our favourite state of mind - our bliss -, and the desire to imagine, envision and manufacture fabrics that are truly special is our very reason for being.

## PANAMA collection

The Panama collection is a timeless classic encompassing natté fabrics with a fine and grainy surface. In Panama fabrics, warp and weft threads are interlaced so as to form an elegant crisscross pattern.

The Panama colour range comprises essential colours: from a colourful reddish tone, shades of blue or green to neutral browns and greys.
