Unsere Outdoorgardinen bieten durch die Reflexion
des Sonnenlichtes einen sehr guten Blendschutz.
Sie reduzieren den Wärmedurchlass, schützen
ausgezeichnet vor UV-Strahlen und bieten einen
hervorragenden Schutz gegen Blicke von aussen.

Our outdoor curtains reflect sunlight and therefore
offer effective glare protection. In addition to keep-
ing much of the heat out, they also offer outstanding
UV protection and exceptional privacy from prying
eyes outside.
